The Nebraska Simmental Scoop is a non-profit publication prepared by the NSA for the purpose of promoting Nebraska Simmental cattle. The NSA Simmental Scoop is printed four times per year. (January, April, September, and November), as per schedule dates and is mailed to 3,500 American Simmental Association and Associate members, as well as commercial cattlemen in the State of Nebraska and surrounding states.

From the NSA Executive Director.....

Diane Duren, Rising City, NE

Well we've been spoiled this past fall and early January 2016, but now it looks like Mother Nature is kicking it in, and we're going to have wind chills of 20-25 below zero. Brrrrrrr.

In December, Scott Herrick and myself attended the NE Cattlemen's Convention in Kearney, NE and had a trade-show booth. The NSA was well represented and we were able to talk to cattlemen stopping by that inquired about Simmental genetics. We were also joined by Wade Shafer, ASA Executive Vice President, who spoke to cattlemen at the convention during a forum on Friday morning.

We have a stout set of Simmental cattle consigned to the NE Cattlemen's Classic. There are 41 head consigned and it is a powerful offering of SimGenetics. We will have one show this year since we don't have enough entries for Percentage and Purebred in each division (remember the 3/4 bloods show with the PB's). The champions from this show will go on to Supreme. We encourage you to visit Kearney, NE, for the NE Cattlemen's Classic and to attend the Simmental Show and Sale on Thursday, February 18th. The show will be held at 8:30 AM and the sale will be held at 1:30 PM. We hope to see you there.

This edition of the Scoop is jam packed with ads. Please take the time to look at all of the breeder's ads and make plans to attend many of the production sales advertised in this edition. I will be taking extra copies to the Cattlemen's Classic along with of some of the upcoming production sales that I can attend.

We will be having our annual banquet/awards event this summer in June. Watch for more details in the mail.

In closing, I hope to see many of you in Kearney or at upcoming production sales.

Until next time,
Diane

The FAVORITE Sons...

Extending the Prepotent Legacy!

CCR Frontier's most powerful, EPD stacked son!

Both Homozygous Black and Polled

SimAngus - Reg. # 2882607

CCR Flint Hills 2092B

One of the most dynamic young sires to come along in the past decade. From an amazing 2 yr. old dam and paternal sister to CCR Cowboy Cut, that descends from one of the premier Cow Camp Ranch cow families. Powerfully built, super sound, athletic, gentle and with 'extraordinary' numbers. Frontier sired the 'power bulls' of the CCR 2015 sale, and 'Flint Hills' was his premier son.

Owned jointly with Cow Camp Ranch.
