Get To Know Your NSA Board Member!

My name is Jake Ruth and my wife is Cassie. We both attended UNL where we met, receiving degrees in Ag Business and Education. Cassie continued her education at UNK earning a Master's Degree and is now a Speech Therapist. Cassie is originally from Oxford, NE. We reside in Rising City, NE; two miles from where I grew up. We help on the family farm and are owners and operators of Ruth Simmentals, along with my parents Russ and Barb Ruth.

My parents started raising Simmentals back in 1979. They were part of the Barrister breeders and I can still remember

all of the yellow and white Fleckveigh cows as a young kid. As I grew older we focused more on purebred Simmental and Simm-Angus cattle. I grew up showing Simmentals at the county, state, and national level. Several of the cattle we currently own are previous 4-H projects or trace back to previous show animals.

Currently we run around 200 head of cattle. We run 80 head of papered percentage and purebred cows and use the remainder in our embryo transplant and AI programs. We offer bulls, breds, and opens in the Blue River Gang Production Sale held at the family farm in Rising City on the second Sunday of February. This year will mark our 35th Annual Sale!

Feel free to stop by any time to visit or talk cattle. Our phones are always on so please call. We always welcome friends and family of the cattle business. We look forward to seeing those we have already met and meeting those of you we do not know down the road!

Sincerely,

Jake and Cassie Ruth
Ruth Simmentals
Rising City

From the NSA Executive Director..... Diane Duren, Rising City, NE

The NE State Fair was well attended by NSA members and the highlights of the purebred and low percentage female and bull shows are on Page 15-17.

Now is the time to be thinking about your entries to the 2017 NE Cattlemen's Classic in February 2017. Please contact Diane Duren if you are in need of any information for entries due November 25th at 402-367-2272. Remember we will show the 3/4 bloods with the PB's. **For all animals entered to show and sale at the NE Cattlemen's Classic they must be considered TF (Tested Free), or PF (Pedigree Free), or DF (Documented Free) or AF (Assumed Free). Other entries that show up as PR (Population Risk) or CL (Carrier in Lineage) must be blood tested and be considered TF, or PF, or DF, or AF by the ASA by January 1st (not just submitted for testing by January 1st). All substituted animals must be blood tested and be considered TF, or PF, or DF, or AF by the ASA by February 7th. Any entry that is considered TC (Tested Carrier) is not eligible to show/sale in the Simmental division.** (Please let Diane know if you are substituting)

Fall and winter sales are approaching. Many of our faithful Scoop supporters have ads in this edition. Please take time to read their advertisements and we hope you will consider attending several of these fall/winter production sales.

Make sure to read Page 4 and Page 14 for a spotlight on your NSA board members. Until next time,
Diane

***Thank you to Scott Herrick, Franklin, NE
for serving on the NSA Board for six years.

Dr. Phil Buhman- Preferred Genetics Wins 2016 Outstanding Service Award

The NSA recently recognized Dr. Phil Buhman of Columbus, NE, at their annual banquet for the 2016 Outstanding Service Award. The award is to recognize a person or persons for their commitment to our state breed association and cattle industry.

Left to right: Dr. Phil Buhman, Preferred Genetics, Colum-
bus, NE accepting the 2016 Outstanding Service Award
from the NSA. President, Nick Petersen, Fremont, NE

Dr. Phil has been instru-
mental in the practice of
embryo transfer, not only in
Nebraska, but world-wide.
He has been very supp-
portive of the Simmental
breed for many years, along
with supporting local, re-
gional and national events
the the NE Simmental Asso-
ciation has hosted and also
a 20 year supporter of the
NE Jr. Beef Expo.

We appreciate Dr. Phil
Buhman's dedication to the
NE Simmental Association
and to the future of the Sim-
mental breed.

Get To Know Your NSA Board Member!

My name is John L. McBee, and I am the manager at BF Black Simmentals for owners, Bill and Lana Fulton in Auburn, Nebraska. Gwen and I came to assist Bill in marketing, feeding and expansion of their embryo program. Bill and I are two seasoned breeders enjoying working together to advance the BF Black Simmental program.

Gwen and I have been happily married for 41 years. We have two children, Heather and her husband Casey Ingram, and granddaughter, Kylea Ingram. Our son, J.T. McBee and Lynzey Windsor

Currently BF Black Simmentals are guest consigners in two annual sales. The Head of the Class sale at Sanders Ranch in Louisburg, Kansas, and Ladies of the Valley sale at West Point, Nebraska. We sell numerous females (breds and opens) off of the farm by private treaty. Bulls are also sold private treaty and various State Expo sales. Between Bill and myself there are numerous repeat bull buyers.

We are very fortunate to have an elite line of top donors. Currently, we put in approximately 140 embryos per year. The majority of the cows are used as recipis. One embryo is placed in each cow and then turned out with our top young BF Herd sires for a registerable calf.

BF Black Simmentals exhibits in local state fairs, the American Royal, and the National Western Stock Show, in individual classes and the pen bull show.

We have been junior advisors for various breed associations in multiple states. I have been fortunate to manage several cattle operations in six states. I was honored to have been named Herdsman of the Year in two breeds. Gwen and I have exhibited cattle all over the United States and Canada, and have been fortunate to have had 36 Denver Champions and countless statefair champions and division winners, and we still having fun doing so. I have also been given the opportunity to judge many shows on the county, state, and national levels.

My family originally raised Shorthorns in Central Missouri. While still in high school, I served on the Shorthorn National Junior Board of Directors. From that point on, I had the good fortune to work with many elite breeders and owners in both herdsman and management positions such as: Erwin Serrien Custom Fitting Service; in Lincoln Kansas. Lone Summit Ranches; Lee's Summit, Missouri, Dutton Brookfield owner, J.W. Brune Manager. Wingert Stock Farm; Ottawa, Kansas, George Wingert, owner. J.W. Brune Manager. Mill-creek Hereford Ranch; Alma, Kansas, owned by Elizabeth Goodyear. Falklands Farm; Schellsburg, Pennsylvania, owned by Leon Falk. Paul Slayton, General Manager. Sabre Farms; Chillicothe, Ohio, owned by Bill Gunlock, Billy Joe Armstrong, General Manager. Mohican Farms; Glenmont, Ohio, owned by Conard Stitzlein; Circle A Ranch North; Huntsville, Missouri; David Gust Sr. owner. Grindstone Creek Farms; Sturgeon, Missouri; Dr. Michael and Christine Kaplan, owners.

If there is one thing we enjoy it is talking cattle. Should you find yourself close to Auburn, give us a call and stop in to see us. Respectfully, John and Gwen McBee

NE Jr. Beef Expo - June 2-4, 2017 Norfolk, NE -- Make Plans to Attend!

NE Cattlemen's Classic 2017 Entries

Now is the time to be thinking about your entries to the 2017 NE Cattlemen's Classic in February. Please contact Diane Duren if you are in need of any information for entries due November 25th at 402-367-2272. Remember we will show the 3/4 bloods with the PB's. **For all animals entered to show and sale at the NE Cattlemen's Classic they must be considered TF (Tested Free), or PF (Pedigree Free), or DF (Documented Free) or AF (Assumed Free).** Other entries that show up as PR (Population Risk) or CL (Carrier in Lineage) must be blood tested and be considered TF, or PF, or DF, or AF by the ASA by January 1st (not just submitted for testing by January 1st). All substituted animals must be blood tested and be considered TF, or PF, or DF, or AF by the ASA by February 3rd. Any entry that is considered TC (Tested Carrier) is not eligible to show/sale in the Simmental division. (Please let Diane know if you are substituting) Diane will have some blood kits on hand at her office, too.
